## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-15, classified in class 283, subclass 62 (Strips)
  - II. Claims 16-22 and 23-36, classified in class 229, subclass 300 (Including remailing means (e.g., envelope, postcard, address label, etc.)
  - III. Claims 37-45 classified in class 101, subclass 92 (Web)
2. The inventions are distinct, each from the other because of the following reasons:
3. Inventions I, II, III are related as subcombinations disclosed as useable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a sheet construction, invention II constructs mailers, invention III prints on a web.
4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classifications, restriction for examination purposes as indicated is proper.
